**** Indicates MS-4 related activities & maintenance.**

Just a thought regarding Public Works:

Steve Simes started his employment with us last Monday (07/24). It is good to have Steve on board, and at the moment he is in on-the-job training. His focus will be to catch us up on maintenance at our parks, although the parks do not look too bad at this point. Warihay is in their first contract year with us for mowing, and I feel they are doing a great job.

If you have any questions regarding Public Works, please contact me at any time.

Barry Weidman
Public Works Director
