

CLEANING TIPS FOR A LEAD SAFE HOME

Step 1: Prepare Your Supplies

Duct or Masking Tape

Mop & Disposable Pads

Rubber Gloves & Trash Bags

Cleaning Spray & Paper Towels

Step 2: Cleaning

- Focus on the rooms in your home where your child spends the most time.
- Wipe down window sills and wells with cleaning spray and paper towels.
- Clean floors using dry disposable mop pads. Next, clean floors using wet disposable mop pads.
- Use a vacuum with a HEPA-filter to clean carpet or rugs.
- Cover any areas of chipping or peeling paint that your child can reach with several layers of duct or masking tape.

Remember To...

- Wear disposable gloves when cleaning. Change them if they become torn.
- Throw away paper towels once soiled while wiping down window sills and wells.
- Change and throw away soiled dry and wet mop pads while cleaning floors.
- Use a new trash bag to place all soiled items into while cleaning. Put trash bags outside as soon as you are done cleaning.
